Innovative Diapering Solutions for Modern Parents

Born in Littleton, Colorado

Founder and CEO, Julie Ekstrom, created Kanga Care's very first cloth diaper, the Rumparooz, in 2006 when her daughter was born with a highly sensitive skin condition and she could not wear disposable diapers. She created the Rumparooz with a unique dual inner gusset system. This is the most effective leak containment system the cloth diaper industry has seen to date.

In April of 2013 Kanga Care was granted a patent by the United States Patent and Trademark Office for the design of and method of making the Dual Inner Gusset Diaper.

The Rumparooz was the first cloth diaper on the market to have the technology of a dual inner gusset design. Julie's invention quickly set the Kanga Care brand of cloth diapers apart from other brands. Kanga Care quickly gained a pristine reputation for highly functional and leak proof diaper designs. The unique dual inner gusset feature can be found in the Rumparooz, Lil Joey, Ecoposh OBV, and Rumparooz OBV cloth diaper brands by Kanga Care... and more in the works!

A Philosophy of Love

From that first diaper, made out of pure love, has grown an entire collection of cloth diapers and diapering accessories. Kanga Care offers a full range of environmentally friendly and health conscious products, based on the philosophy that our children deserve the healthiest start we can give them.

"My passion for my children, and concern for their health and well being, led me into this industry. I work at ground zero with my team every single day. This helps me better understand our customers, their needs, and how we can help them live a healthier lifestyle. For their children, your children, my children and our planet."

- Julie

#1 Highest Rated Cloth Diaper rating awarded by BabyGearLabs based on more than 1 year of extensive hands-on testing, combined with lab tests to closely examine functional elements such as absorbency. BabyGearLab rated the top 15 brands of cloth diapers on five critical performance metrics and found the Rumparooz to be the #1. All products were compared side-by-side, and were used with both infants and toddlers before scoring was finalized. The following performance metrics were included in the rating system: absorbency, fit and leakage, comfort, ease-of-use, and eco-health. For full report visit: <http://bit.ly/BestClothDiaper>

Combine for 6 absorbency choices:

How many Rumparooz do I need to cloth diaper full time?

We recommend 24 for beginning cloth with a newborn. Otherwise, please follow the diagram below:

Newborn:	20-24 diapers
6-12 months:	14-18 diapers
12-24 months:	12-16 diapers
24 months+:	4-8 diapers

To cloth diaper part-time
cut quantities in half.

that allows babies 4 - 12 lbs to get optimal fit and function.

lil•joey

Your child's diaper will be changed roughly 9000 times by age 3.
9000 disposable diapers cost more than \$3500.

- Save \$3000, or more, by using **Rumparooz One Size modern cloth diapers**.
- 24 Rumparooz will diaper your child from birth through potty training for \$500.

Save even MORE by using **Rumparooz One Size diaper covers** with prefolds, fitteds or any type of lay-in soaker (cloth/flushable/disposable).

Ecoposh OBV One Size Fitted

Pocket Diaper (absorbent bamboo 6r Soaker included) is 10 layers thick of absorbency

ecoposh
OBV

Plush Organic Cotton Bamboo Velour (OBV) inner layer
